*The practitioner reserves the right to contact your veterinarian with any questions about your animal(s).

Practitioner Statement of Disclosure

I am not a veterinarian; I do not diagnose medical issues, offer medical advice, prescribe drugs or perform surgery.

I am an Acupressure Provider. I have been providing this service since 2010. I am a graduate of Tallgrass Animal Acupressure Institute and I received 330 hours of clinical and lecture studies. In addition to these courses, I have also completed, Linda Tellington-Jones, TTouch 40+ hours; PATH International therapeutic riding instructor plus PATH Intl. Equine Specialist and CHA instructor since 2000.

My role is that of facilitator, assisting your animal to attain and maintain a naturally healthy state. The specific results will be different for each animal: beneficial effects of massage, acupressure and other modalities will vary but may include circulation of blood and lymph, pain relief through endorphin release, increase in trust and mood elevation, improved flexibility; body awareness, muscle efficiency, increased performance, shortened recovery from illness, injury or surgery and emotional calming.
